Lifetime Workmanship Warranty

At STURDEVANT CONSTRUCTION, we are confident in the quality of our repairs and committed to the satisfaction of our customers. We certify the construction/repair of your home to be free of defects in workmanship and warranted for as long as you own this property. If a defect in workmanship is discovered, we will re-repair or replace the part with no labor cost to you. You will only be responsible for the cost of parts and material if they are out of warranty. We are able to take this unusual stance because of the old fashioned craftsmanship, workmanship, and pride we put into every job we perform. This warranty excludes problems arising from pre-existing or unrelated conditions to the work we performed.
